*The Baby Book* William Sears, Martha Sears, 1993-01 The baby bible of the post-Dr. Spock generation, already embraced by hundreds of thousands of American parents, has now been revised, expanded, and brought thoroughly up-to-date -- with the latest information on everything from diapering to day care, from midwifery to hospital birthing rooms, from postpartum nutrition to infant development. Dr. Bill and Martha Sears draw from their vast experience both as medical professionals and as the parents of eight children to provide comprehensive information on virtually every aspect of infant care. Working for the first time with their sons Dr. Bob and Dr. Jim, both pediatric specialists in their own right, the Seases have produced a completely updated guide that is unrivaled in its scope and authority. The Baby Book focuses on the essential needs of babies -- eating, sleeping, development, health, and comfort -- as it addresses the questions of greatest concern to today's parents. The Baby Book presents a practical, contemporary approach to parenting that reflects the way we live today. The Seases acknowledge that there is no one way to parent a baby, and they offer the basic guidance and inspiration you need to develop the parenting style that best suits you and your child. The Baby Book is a rich and invaluable resource that will help you get the most out of parenting -- for your child, for yourself, and for your entire family. Book jacket.

**Make Your Moment: The Savvy Woman's Communication Playbook for Getting the Success You Want** Dion Lim, 2019-10-25 ABC News anchor Dion Lim's empowering workplace communication strategies for women in any industry "As women, we're constantly told to speak up, lean in, and be a badass . . . We absolutely should. We must! But we have to execute these things in the right way." In a fast-paced world where opportunities appear—and shift—at a moment's notice, how you communicate can, quite simply, make or break your career. Your work environment today includes a diverse array of people and personalities. The ability to interact with all of them, think on your feet, and grab a good opportunity when it's facing you is the special sauce that will help you achieve your goals. Dion Lim has seen it all. As an Asian-American woman in the hyper-competitive, white—and male—dominated business of TV news, her career path required a powerful blend of street smarts, determination, and a willingness to learn from mistakes—all of which she learned on the job. Today, she's an ABC

anchor in one of the biggest cities in the country. In *Make Your Moment*, Dion guides you through what she has learned on the career battlefield and what it means for other working women today. She'll take you through the treacherous—and often entertaining—landscape of the modern workplace, covering virtually every situation you're likely to experience. From the art of thinking quickly on your feet to #MeToo moments, you'll learn how to master office politics, make online/social media dynamics (good and bad) work for you, and thrive under pressure. Dion learned how to stay true to herself, so she could find her moment and make it, rising from a local reporter to the national stage. Now it's your turn.

Big Vape: The Incendiary Rise of Juul Jamie Ducharme, 2021-05-25 \*\*Now adapted as the Netflix documentary - Big Vape tells the story of how a cigarette start-up became a multibillion-dollar company until an epidemic causes its success to go up in smoke\*\* 'Big Vape is a dazzling story that crackles with the energy of a nicotine buzz, mixing tales of ground-breaking innovation with those of corporate greed and government dysfunction' Christopher Leonard, author of the New York Times bestseller, *Kochland* It began with a smoke break. \_\_\_\_\_ THIS IS A STORY OF AMBITION AND GREED James Monsees and Adam Bowen were two ambitious graduate students at Stanford, and in between puffs after class they dreamed of a way to quit smoking. Their solution became the Juul, a sleek, modern device that could vaporize nicotine into a conveniently potent dose. THIS IS A STORY OF BOOM AND BUST The business they built around that device, Juul Labs, would go on to

become a \$38 billion company and draw blame for addicting a whole new generation of underage tobacco users. THIS IS A STORY OF OUR TIME With rigorous reporting and piercing insight into a Silicon Valley startup, Big Vape uses the dramatic rise of Juul to tell a larger story of big business, Big Tobacco, and the high cost of a product that was too good to be true.

\_\_\_\_\_ A propulsive, eye-opening work of reporting, chronicling the rise of Juul and the birth of a new addiction 'The rise and fall of Juul is an instructive tale and Jamie Ducharme does an excellent job detailing how one bad decision after another led the company astray in this deft rendition of grand start-up dreams gone up in smoke.' Reeves Wiedeman, author of Billion Dollar Loser 'Big Vape is more than just brilliantly reported and elegantly written. It is also a richly populated book - filled not just with human characters but with matters of science, finance, invention, ambition, ethics, hubris, and blazing ingenuity.' Jeffrey Kluger, bestselling co-author of Apollo 13

*Runner's High* Josiah Hesse, 2021-09-14 Michael Pollan's How to Change Your Mind meets Christopher McDougall's Born to Run in this immersive, investigative look at the hidden culture of cannabis use among elite athletes (as well as weekend warriors)--and the surprising emerging science behind the elusive, exhilarating runner's high they all seek. Pot makes exercise fun. The link between performance enhancement and cannabis has been an open secret for many years, so much so that with the wide-sweeping national legalization of cannabis, combining weed and working out has become the hottest new wellness trend. Why, then, is there still a skewed perception around this leafy substance that it only produces the lazy, red-eyed stoner laid out on a couch somewhere, munching on junk food? In fact, scientists have conducted extensive research that uncovers the power of the runner's high--the true holy grail of aerobic activity that was long believed to be caused by endorphins. In an extraordinary reversal, scientists believe marijuana may actually be the key to getting more Americans off their phones and on to their feet. In *Runner's High*, seasoned investigative journalist Josiah Hesse takes readers on a journey through the secret world of stoned athletes, describing astounding, cannabis-inspired physical and mental transformations, just like he experienced. From the economics of the \$20 billion CBD market to the inherent inequalities in the enforcement of marijuana prohibition; from the mind-body connection behind the runner's high to the best way to make your own cannabis-infused power bars; *Runner's High* takes this groundbreaking science out of the lab and onto the trail, court, field, and pitch, fundamentally changing the way we think about exercise, recovery, and cannabis.

Surrounded by Idiots Thomas Erikson,2019-07-30 Do you ever think you're the only one making any sense? Or tried to reason with your partner with disastrous results? Do long, rambling answers drive you crazy? Or does your colleague's abrasive manner get your back up? You are not alone. After a disastrous meeting with a highly successful entrepreneur, who was genuinely convinced he was 'surrounded by idiots', communication expert and bestselling author, Thomas Erikson dedicated himself to understanding how people function and why we often struggle to connect with certain types of people. Originally published in Swedish in 2014 as *Omgiven Av Idioter*, Erikson's *Surrounded by Idiots* is already an international phenomenon, selling over 1.5 million copies worldwide, of which over 750,000 copies have been sold in Sweden alone. It offers a simple, yet ground-breaking method for assessing the personalities of people we communicate with - in and out of the office - based on four personality types (Red, Blue, Green and Yellow), and provides insights into how we can adjust the way(s) we speak and share information. Erikson will help you understand yourself better, hone communication and social skills, handle conflict with confidence, improve dynamics with your boss and team, and get the best out of the people you deal with and manage. He also shares simple tricks on body language, improving written communication and advice on when to back away or when to push on, and when to speak up or indeed shut up. Packed with 'aha!' and 'oh no!' moments, *Surrounded by Idiots* will help you understand and influence those around you, even people you currently think are beyond all comprehension. And with a bit of luck you can also be confident that the idiot out there isn't you!
